When Emerald City Band burst onto the Dallas live music scene, a new trend was awoken and they have been electrifying audiences ever since. With their ability to combine classic hits of yesteryear with the most current hit songs of today, the Emerald City Band has you covered when it comes to creating the ultimate entertainment experience.

Emerald City Band has performed for President George W. and Laura Bush at The White House Congressional Christmas Ball and was invited back for an encore performance. Fortune 500 companies such as MCI, Ford Motor Company, Frito Lay, Southwest and American Airlines have all called upon the Emerald City Band to provide the best in live entertainment for their events. They have also been featured entertainers at many celebrity weddings for clients such as Emmitt Smith, Mark Cuban and Angie Harmon to name a few.

Averaging more than 300 performances a year, media outlets such as The Dallas Morning News, Dallas Observer and "D" Magazine have all voted Emerald City Band as "Dallas's Best Band" and that is just some of the many accolades they have accumulated over the years. Their entertaining skills are only rivaled by their extensive ability to get the audience up on the dance floor and take them to an even higher level of celebration.
